

Walpar®
NUTRITIONS LIMITED

About us

Walpar Nutrition Limited (WNL) is Gujarat's one of the largest and fastest growing companies with trendsetters in providing end-to-end solutions from research to product launch, with three multiple state-of-the-art manufacturing facilities based at Gandhinagar, Gujarat, India. WNL Formulation & Development team works precisely to provide new innovative products. These products are market ready and have a turnaround time of just 40-50 days for product launch. These products meet various health needs of people. Our product development abilities covers the area of General Nutritional Supplements, Functional Foods, Sports Nutrition, Herbal Supplements & Ayurvedic Proprietary Medicine etc. We are the preferred choice of strategic partners in the Healthcare and Supplement Industry.

Walpar was founded way back in 2009 with the name and style as **Walpar Healthcare** and has evolved into a significant Market player today because its operated by team formerly from MNC's like Claris, Mylan and other global giants active in pharmaceutical & Nutraceutical areas. Team is well versed and has played vital role in development and commercialization of innovative Nutraceutical products like Oral Sprays, Sustained Release Tablets, Delayed Release Capsules, Oral Concentrated Solution, Protein Powders (Meal Replacement Powders, Mass Gaining Powders & Ketogenic Powders). We have multiple dosage forms from Powder, Tablet, Capsule, Liquid, Oil and Sachet for both oral and topical applications.

Walpar Nutritions Limited is a group with healthy revenue and cater to around 100 companies both domestic & MNCs. Walpar have been awarded as “ **Fastest Growing Nutraceutical Company in 2018 by CIMS, Mumbai**, from thereafter we have been continuously recognized and awarded by Private & Government bodies like GIDC and India News for Innovation in Nutraceutical Research and manufacturing. We have also applied four patents for innovative Nutraceutical formulations.

Manufacturing

Walpar validate science-based invention and our manufacturing is nurtured by a unique research and clinical method that focuses on logical developments. We have three manufacturing facilities at Santej-Khataj road located near the Ahmedabd - Gandhinagar highway that facilitate state-of-the-art solutions for companies from discovery to development to commercialization of the product. In order to serve our domestic and international markets, we own manufacturing facilities which have been built in accordance with the **WHO GMP guidelines**. Backed by an experienced and trained team of professionals, we effectively offer a wide range of diversified products and state-of-the-art facilities that include flexible, cost-effective product development and substantial manufacturing solutions with value added services.
